Required Attachments

1. Proposed Site Plan
2. Narrative statement demonstrating:
 - That special conditions and circumstances exist which are not a result from any action of the Applicant, which are peculiar to the land use or structure involved, and which are not applicable to other similar or adjacent lands, uses, or structures.
 - That granting the variance requested will not result in any special privilege otherwise denied to other similar or adjacent lands, uses, and structures.
3. Shared Driveway Variances require a shared driveway maintenance agreement. The shared driveway must be built to the satisfaction of the relevant fire department.

I am requesting a variance on the property located in Pelican Heights Parcel #5, address 1497 Pine Ridge, Cascade Id, 83611. The plat requires a 30' setback from the front of the property, and I am requesting it to meet county requirements, which are set at 20'. The reason for this request is the slope of the property.

Subject: Adjust setback request for property at 1497 Pine Ridge Dr.

The setback on my property at 1497 Pine Ridge Dr. is recorded on the plot map at 30 feet. I submitted a request to adjust the setback to 20 feet due to the property's slope. Since the request, I have had a formal survey establishing the break line on the slope. I am requesting an adjustment to the initial request from 20 feet to 10 feet after identifying the break line.

The total setback, as it currently stands, is 50 feet from the road.
The property line starts 20 feet from the road
The CCRs require a 30-foot setback from the property line.

I am attempting to build a house on the property. The cost for the required support structure to accommodate the property's slope prevents me from moving forward.

Please let me know if you need additional information.

Thanks you
