## Conditional Use Permit Application

TO BE COMPLETED BY THE PLANNING AND ZONING DEPARTMENT		<input checked="" type="checkbox"/> Check # <u>1050</u> or <input type="checkbox"/> Cash
FILE # <u>C.U.P. 22-41</u>	FEE \$ <u>250.00</u>	
ACCEPTED BY _____	DEPOSIT _____	
CROSS REFERENCE FILE(S): _____	DATE <u>9-20-2022</u>	
PROPOSED USE: <u>Multiple Resources</u>		

When an application has been submitted, it will be reviewed in order to determine compliance with application requirements.  
A hearing date will be scheduled only after an application has been accepted as complete or if applicant requests the hearing in writing.

Applicant's Signature: \_\_\_\_\_

Date: 9/17/2022

The following must be completed and submitted with the conditional use permit application:

- ☒ A **detailed project description** disclosing the purpose, strategy, and time frame of construction. Include a phasing plan if appropriate. Address fire mitigation, utilities, fencing, access, emissions, dust, noise, and outside storage.
- ☒ A **plot plan**, drawn to scale, showing the boundaries, dimensions, area of lot, existing and proposed utilities, streets, easements, parking, setbacks, and buildings.
- ☒ A **landscaping plan**, drawn to scale, showing elements such as trees, shrubs, ground covers, and vines. Include a plant list indicating the size, quantity, location and name (both botanical and common) of all plant material to be used. N/A: Zero scope = back to existing landscape
- ☒ A **site grading plan** clearly showing the existing site topography and detailing the best management practices for surface water management, siltation, sedimentation, and blowing of dirt and debris caused by grading, excavation, open cuts, side slopes, and other site preparation and development. as described
- ☒ A **lighting plan**. External lights as described on house plans in house plans
- ☒ **Names and addresses of property owners** within 300 feet of the property lines. Information can be obtained through the GIS Portal at [www.co.valley.id.us](http://www.co.valley.id.us). Only one copy of this list is required.
- ☐ **Ten (10) copies** of the application, project description, plot plan, landscaping plan, grading plan, and impact report are required.

We recommend you review the Valley County Code online at [www.co.valley.id.us](http://www.co.valley.id.us)  
or at the Planning & Zoning Office at 219 North Main Street, Cascade, Idaho

Subject to Idaho Statute Title 55 Chapter 22 Underground Facilities Damage Prevention.

12. NUMBER OF EXISTING ROADS: 1 Width: 12'  
Existing roads will be: Publicly maintained? ☐ Privately Maintained? ☒ or Combination of both? ☐  
Existing road construction: Gravel ☒ Paved ☐ or Combination of both? ☐
13. NUMBER OF PROPOSED ROADS: 1 Proposed width: 12'  
Proposed roads: Publicly maintained? ☐ Privately Maintained? ☒ or Combination of both? ☐  
Proposed road construction: Gravel ☒ Paved ☐ or Combination of both? ☐

14. ARE SHARED DRIVEWAYS PROPOSED? If so, please explain why. Yes ☐ No ☒

15. EXISTING UTILITIES ON THE PROPERTY ARE AS FOLLOWS:

Power, Phone

16. PROPOSED UTILITIES: Power, Internet?

Proposed utility easement widths No easement needed Locations Connecting to Power on Farm

17. SEWAGE WASTE DISPOSAL METHOD: Septic ☒

Central Sewage Treatment Facility ☐

Name: \_\_\_\_\_

18. POTABLE WATER SOURCE: Public ☐ Water Association ☐ Individual Well: ☒

If individual, has a test well been drilled? No Depth \_\_\_\_\_ Flow \_\_\_\_\_ Purity Verified? \_\_\_\_\_  
Nearest adjacent well 150' Depth 55' Flow 35 gpm/min

19. DRAINAGE (Proposed method of on-site retention): \_\_\_\_\_

Any special drains? No (Please attach map)

Soil type(s): \_\_\_\_\_  
(Information can be obtained from the Natural Resource Conservation Service: [websoilsurvey.nrcs.usda.gov](http://websoilsurvey.nrcs.usda.gov))

Stormwater Prevention Management Plan will need approval from Valley County Engineer.

20. IS ANY PORTION OF THE PROPERTY LOCATED IN A FLOODWAY OR 100-YR FLOODPLAIN?

(Information can be obtained from the Planning & Zoning Office) Yes ☐ No ☒

21. DOES ANY PORTION OF THIS PARCEL HAVE SLOPES IN EXCESS OF 15%? Yes ☒ No ☐

Riverbanks

21. ARE THERE WETLANDS LOCATED ON ANY PORTION OF THE PROPERTY? Yes ☒ No ☐

Gold Fork Creek

23. IS THERE ANY SITE GRADING OR PREPARATION PROPOSED? Yes ☒ No ☐

If yes, explain:

Grading for foundation/Building

24a. ARE THERE ANY EXISTING IRRIGATION SYSTEMS? Yes ☐ No ☒

Are you proposing any alterations, improvements, extensions or new construction? Yes ☐ No ☐

If yes, explain: \_\_\_\_\_

24b. COMPLETE ATTACHED PLAN FOR IRRIGATION if you have water rights and are in an irrigation district.  
Submit letter from Irrigation District, if applicable.

25. COMPLETE ATTACHED WEED CONTROL AGREEMENT

26. COMPLETE ATTACHED IMPACT REPORT

# IMPACT REPORT (from Valley County Code 9-5-3-D)

You may add information to the blanks below or attach additional sheets.

- ❖ An impact report shall be required for all proposed Conditional Uses
- ❖ Answer all questions. Mark N/A if the question is not applicable to your application.
- ❖ The impact report shall address potential environmental, economic, and social impacts and how these impacts are to be minimized as follows:

1. Traffic volume, character, and patterns including adequacy of existing or proposed street width, surfacing, alignment, gradient, and traffic control features or devices, and maintenance. Contrast existing with the changes the proposal will bring during construction and after completion, build-out, or full occupancy of the proposed development. Include pedestrian, bicycle, auto, and truck traffic.

The proposed residence will only generate traffic associated with our family Accessing the dwelling. During construction contractors will access the site as needed

2. Provision for the mitigation of impacts on housing affordability.

There will be no impact on housing affordability

3. Noise and vibration levels that exist and compare to those that will be added during construction, normal activities, and special activities. Include indoor and outdoor, day and night variations.

Noise will be minimal, only that associated with a typical single family dwelling

4. Heat and glare that exist and that might be introduced from all possible sources such as autos in parking areas, outdoor lights, water or glass surfaces, buildings or outdoor activities.

Heat and glare will be similar to that associated with a typical family dwelling. Autos will be parked in a garage.

5. Particulate emissions to the air including smoke, dust, chemicals, gasses, or fumes, etc., both existing and what may be added by the proposed uses.

Particulate emissions should be minimal. we plan to heat with electricity or propane

6. Water demand, discharge, supply source, and disposal method for potable uses, domestic uses, and fire protection. Identify existing surface water drainage, wetlands, flood prone areas and potential changes. Identify existing ground water and surface water quality and potential changes due to this proposal.

Water will be supplied by a private well for the dwelling and disposed of via a septic system. The proposed building site will not impact wetlands, drainage, flood areas, etc

7. Fire, explosion, and other hazards existing and proposed. Identify how activities on neighboring property may affect the proposed use.

The existing property as well as neighboring properties are used for grazing and ranch-related activities. The proposed site will not impact uses of neighboring properties and it will not be impacted by them.

8. Removal of existing vegetation or effects thereon including disturbance of wetlands, general stability of soils, slopes, and embankments and the potential for sedimentation of disturbed soils.

The proposed site will require removal of grass (timothy) and no other vegetation. No wetlands will be impacted.

9. Include practices that will be used to stabilize soils and restore or replace vegetation.

The soil and vegetation surrounding the proposed site will be restored to its natural grass composition.

10. Soil characteristics and potential problems in regard to slope stability, embankments, building foundation, utility and road construction. Include suitability for supporting proposed landscaping.

Sandy loam / gravel are the soil characteristics we do not anticipate any issues regarding slope stability etc.

11. Site grading or improvements including cuts and fills, drainage courses and impoundments, sound and sight buffers, landscaping, fencing, utilities, and open areas.

There are no major site improvements planned. We plan to place the dwelling in the midst of an existing field with plans to maintain the existing natural landscape and vegetation.

12. Visibility from public roads, adjoining property, and buildings. Include what will be done to reduce visibility of all parts of the proposal but especially cuts and fills and buildings. Include the impacts of shadows from new features on neighboring property.

The proposed dwelling will appear as a single family residence from all sides and will not stand apart from any others located nearby. No shadow impact.

13. Reasons for selecting the particular location including topographic, geographic and similar features, historic, adjoining land ownership or use, access to public lands, recreation, utilities, streets, etc., in order to illustrate compatibility with and opportunities presented by existing land uses or character.

The proposed dwelling is <sup>New</sup> close to Farm to Market Road for access in winter months and with the location will allow for daily management of the ranch.

14. Approximation of increased revenue from change in property tax assessment, new jobs available to local residents, and increased local expenditures.

N/A

15. Approximation of costs for additional public services, facilities, and other economic impacts.

None or Negligible

16. State how the proposed development will impact existing developments providing the same or similar products or services.

N/A

17. State what natural resources or materials are available at or near the site that will be used in a process to produce a product and the impacts resulting from the depletion of the resource.

Describe the process in detail and describe the impacts of each part.

We plan to use local products and contractors. By adding this dwelling to the Ranch we will be able to assist in the operation of our family's Ranch which has been in the

18. What will be the impacts of a project abandoned at partial completion? family for over 130 years

No impact to anyone other than ourselves

19. Number of residential dwelling units, other buildings and building sites, and square footage or gross non-residential floor space to be available.

2 existing dwelling units (900 x 1400 square feet): original ranch house (1956), Griffiths Cabin (2008). This will be a third dwelling for the ranch manager.

20. Stages of development in geographic terms and proposed construction time schedule.

Spring 2023: obtain permits, begin excavation and septic  
Fall 2023 - Complete Residence

21. Anticipated range of sale, lease or rental prices for dwelling units, building or other site, or non-residential floor space in order to insure compatibility with adjacent land use and development.

We do not plan to sell, Lease or Rent the dwelling

### Property Tax Exemption

New and expanding business may qualify for a property tax exemption for up to 5 years by meeting the qualifications in accordance with Idaho Code§ 63-602NN

Application must be filed with the Valley County Assessor's office before construction begins.

#### Protocols for qualifying property exemption in Valley County, Idaho:

- Application must be received prior to the start of construction (ex. Building Permits, excavation)
- Term of exemption, not to exceed 5 years, will be up to the discretion of the Valley County Board of Commissioners
- Retail sales business do not qualify
- Multi use may qualify excluding retail sale area
- Housing
  - Multi-family housing must have 5 units or more per structure.
  - Multi-Family housing units may qualify if more than one structure is built totaling 5 or more units
  - For local housing only (workforce)
  - Short term rentals not allowed
  - Units cannot be individually sold (e.g., no condominiums)
- Remodel and/or additions to existing businesses
  - Only the area of remodel/addition may qualify for exemption
  - Retail sales additions/remodel will not qualify

For further information regarding the 63-602NN application process and instructions, please contact the Valley County Assessor's office at 208-382-7126.

I, Joel W. Droulard, a Registered Land Surveyor, do hereby certify that this plat was prepared from notes taken during a survey conducted by me in April of 2013, and that it correctly represents the points, courses and distances as recorded in said field notes.

# Irrigation Plan

(Idaho Code 31-3805)

This land: ☐ Has water rights available to it  
☒ Is dry and has no water rights available to it.

**Idaho Code 31-3805 states that when all or part of a subdivision is "located within the boundaries of an existing irrigation district or canal company, ditch association, or like irrigation water deliver entity ... no subdivision plat or amendment to a subdivision plat or any other plat or map recognized by the city or county for the division of land will be accepted, approved, and recorded unless:"**

- A. The appropriate water rights and assessment of those water rights have been transferred from said lands or excluded from an irrigation entity by the owner; or
- B. The owner filing the subdivision plat or amendment to a subdivision plat or map has provided for the division of land of underground tile or conduit for lots of one acre or less or a suitable system for lots of more than one acre which will deliver water to those landowners within the subdivision who are also within the irrigation entity with the appropriate approvals:
  - 1. For proposed subdivisions located within an area of city impact, both city and county zoning authorities must approve such irrigation system.
  - 2. For proposed subdivisions outside of negotiated areas of city impact, the delivery system must be approved by the Planning and Zoning Commission and the Board of County Commissioners with the advice of the irrigation entity charged with the delivery of water to said lands (e.g., irrigation district).

To better understand your irrigation request, we need to ask you a few questions. Additional pages can be added. A list of the map requirements follows the short questionnaire. **Any missing information may result in the delay of your request before the Planning and Zoning Commission and ultimately the approval of your irrigation plan by the Board of County Commissioners as part of final plat approval.**

- 1. Are you within an area of negotiated City Impact? ☐ Yes ☐ No
- 2. What is the name of the irrigation district/company and drainage entities servicing the property?  
Irrigation: \_\_\_\_\_  
Drainage: \_\_\_\_\_
- 3. How many acres is the property being subdivided? \_\_\_\_\_
- 4. What percentage of this property has water? \_\_\_\_\_
- 5. How many inches of water are available to the property? \_\_\_\_\_
- 6. How is the land currently irrigated? ☐ surface ☐ sprinkler ☐ irrigation well  
☐ above ground pipe ☐ underground pipe
- 7. How is the land to be irrigated after it is subdivided? ☐ surface ☐ sprinkler ☐ irrigation well  
☐ above ground pipe ☐ underground pipe
- 8. Describe how the head gate/pump connects to the canal and irrigated land and where ditches &/or pipes go.  
\_\_\_\_\_  
\_\_\_\_\_
- 9. Is there an irrigation easement(s) on the property? ☐ Yes ☐ No

10. How do you plan to retain storm and excess water on each lot? \_\_\_\_\_

11. How do you plan to process this storm water and/or excess irrigation water prior to it entering the established drainage system? (i.e. oil, grease, contaminated aggregates)

### Irrigation Plan Map Requirements

The irrigation plan **must be on a scalable map** and show all of the irrigation system including all supply and drainage structures and easements. Please include the following information on your map:

- ☐ All canals, ditches, and laterals with their respective names.
- ☐ Head gate location and/or point of delivery of water to the property by the irrigation entity.
- ☐ Pipe location and sizes, if any
- ☐ Rise locations and types, if any.
- ☐ Easements of all private ditches that supply adjacent properties (i.e. supply ditches and drainage ways).
- ☐ Slope of the property in various locations.
- ☐ Direction of water flow (use short arrows on your map to indicate water flow direction → ).
- ☐ Direction of wastewater flow (use long arrows on your map to indicate wastewater direction → ).
- ☐ Location of drainage ponds or swales, if any where wastewater will be retained on property
- ☐ Other information: \_\_\_\_\_

### Also, provide the following documentation:

- ☐ Legal description of the property.
- ☐ Proof of ownership.
- ☐ A written response from the irrigation entity and/or proof of agency notification.
- ☐ Copy of any water users' association agreement which shows water schedules and maintenance responsibilities.
- ☐ Copy of all new easements ready for recording (irrigation supply and drainage).
- ☐ If you are in a city area of impact, please include a copy of the approvals by the city planning and zoning commission and city council of your irrigation plan.

### =====Applicant Acknowledgement=====

I, the undersigned, agree that prior to the Planning and Zoning Department accepting this application, I am responsible to have all the required information and site plans.

I further acknowledge that the irrigation system, as approved by the Planning and Zoning Commission and ultimately the Board of County Commissioners, must be **bonded** and/or **installed** prior to the recording of the plat or building permit.

Signed: \_\_\_\_\_

# VALLEY COUNTY

## WEED CONTROL AGREEMENT

The purpose of this agreement is to establish a cooperative relationship between Valley County and the undersigned Cooperator to protect the natural and economic values in the Upper Payette River watershed from damages related to the invasion and expansion of infestations of noxious weeds and invasive plants. This is a cooperative effort to prevent, eradicate, contain and control noxious weeds and invasive plants on public and private lands in this area. Factors related to the spread of weeds are not related to ownership nor controllable at agency boundaries. This agreement formalizes the cooperative strategy for management of these weeds addressed in Valley County's Integrated Weed Management Plan.

In this continuing effort to control Noxious Weeds, Valley County Weed Control will consult with the undersigned Cooperator and outline weed identification techniques, present optional control methods and recommend proper land management practices.

The undersigned Cooperator acknowledges that he/she is aware of any potential or real noxious weed problems on his/her private property and agrees to control said weeds in a timely manner using proper land management principles.

Valley County Weed Department can be contacted at 208-382-7199.
