Larry- call to order: some discussion on registrations was had(I was late and missed this part)

Larry discussed needing more representation at the Winter Rec Meetings. Also the BFC and PFC have some recreationists attending. Some people were going to talk to Larry and start attending.

Larry will have that info.

Ben- had some discussions with Brundage and they want more help policing. There were some Snowbikes that ran up the backside and used the Yurts bathrooms. They continue to have issues with trespassing. Ben feels Brundage should be responsible for policing and financing to do so. Larry stated that the McCall club has spoiled Brundage by always stepping in and paying for signs and etc. Larry feels Brundage needs to start paying and posting and patrolling this themselves.

Larry had some comments about Brundage Cat Skiing expansion and that their use of only 27 skiers this year.

Larry motion to adjourn, Ben 2nd. Passed and we adjourned.
