

## **Public Information Meeting**

**Project ID: 5002-00-01 / 71**

**CTH E**

**Seneca to STH 179**

**STH 27 - STH 179**

**Crawford County**

The Crawford County Highway Department will host a public involvement meeting for the above project on CTH E on:

**Thursday, October 16, 2025 from 10:30AM to 11:30AM, at the Crawford County Highway Department, Conference Room, 21515 State Hwy. 27, Seneca, WI 54654.**

A brief presentation on the project is scheduled to begin at 10:30AM. The remainder of the meeting will follow an open house format. Adjacent property owners are encouraged to attend the meeting.

The purpose of this meeting is to obtain public feedback on the proposed project.

### **Project Purpose**

The project is intended to address deteriorating pavement and update beam guard installations along County E to meet current transportation and safety standards.

### **Project Overview**

The proposed improvements cover a 7.26-mile section of County E between Wis 27 and Wis 179, which is classified as a major collector. Work includes:

- Removing 2.5 inches of existing asphalt and repaving 2.5 inches of new asphalt.
- Constructing a typical roadway section with two 12-foot driving lanes, 2-foot asphalt shoulders, and 2-foot aggregate shoulders
- Replacing beam guard and updating pavement markings to current design standards
- Crawford County will be completing grading work prior to the project at various locations

### **Traffic During Construction**

County E will remain open during construction. Flagging operations will be used, and drivers should anticipate possible short delays while work is underway.

### **Project Benefits**

These improvements will extend the life of the roadway and enhance safety throughout the corridor.

The project is currently scheduled for 2028 construction.
