*Mailings have been sent out to 16 people in the target populations who members are unable to reach by phone or requested further information.*
2. Monthly phone calls to households with older individuals- reaching each participant at least 4 per year. Follow with mailed not if not reached.  
*Committee members have met two times during the quarter. They have connected with 15 people via phone calls and 15 people who were not reached via phone received cards mailed to their homes.*
3. Create information flyer of town events, activities, & other offerings  
*Looking to focus on the third and fourth quarters of the year.*
4. Work alongside the Community Center Director and Senior Services Coordinator with feedback from calls.  
*Committee members have been working alongside the town staff members to make calls and gain lists of town members to on list to reach out.*
5. Work with the Municipal Agent to create a list of most requested information.  
*Members attended a public information session with the Municipal Agent in May 2025 and collected pertinent resources to provide to the target population.*
